

AMULYA LOGISTICS

Transportation, Fleet & Electric Mobility Solutions

Driving Excellence in Transportation & Electric Mobility

Company Profile

About Us

Amulya Logistics is a professionally managed transportation and fleet operations company with over a decade of experience in employee transportation, electric mobility, public transport operations, depot management, fleet management, accident repair management, and vehicle retrofit solutions.

We deliver safe, reliable, and efficient transportation services while maintaining the highest standards of operational excellence — spanning corporate employee transportation, large-scale electric bus operations, depot management, fleet maintenance, accident repair coordination, and retrofit solutions.

Through our customer-centric approach, operational expertise, and commitment to safety, we have successfully executed transportation projects for leading multinational corporations, government organizations, and public transport authorities across India.
